New Patient Registration and Consent

Welcome to Enable Dental. We provide portable at-home dentistry solutions in various environments including personal residences, corporate locations, assisted living communities, nursing homes, and group homes. Our clinicians provide a full range of services which include comprehensive exams, low dose radiographs, X-rays, dental cleanings, fluoride treatments, fillings, extractions, crowns, partials, dentures and much more! This Patient Consent form is designed to gather your health history as well as help you understand the options of improved quality of care that are available to you.

WHAT TO EXPECT AT YOUR FIRST VISIT

Enable Dental will perform an initial comprehensive dental examination which includes an oral cancer screening and x-rays, which are required for all new patients for the dentist to determine the patient's dental diagnosis. At this visit, the patient most likely will receive a standard cleaning. In the initial exam the dentist may identify issues which would require a personalized treatment plan and eliminate the standard cleaning. New patients are also offered an optional fluoride treatment.

ADDITIONAL FOLLOW-UP VISITS

Enable Dental's patients will receive a periodic 6-month follow-up exam, denture checks, oral cancer screening, cleaning (prophylaxis) with fluoride and x-rays which is performed by a dentist or dental hygienist unless otherwise stipulated. Additional follow-up cleanings may occur every 3 months and are based on the recommendations of the dentist. If the dental diagnosis requires additional follow-up and treatment, the dental team will provide an outline of any needed therapy (treatment plan) which will be communicated to the patient or their legal representative via email or first-class mail.

We submit claims as a courtesy and any follow-up communication with the insurer must be handled by the subscriber listed below. We do not send claims in these situations. **You understand payment is due in full at the time of services and is not dependent on the reimbursement you may receive from your dental insurance plan.** (If any section is left blank, we will not be able to submit your claim).
